1. Introduction:

This user manual is designed to guide government officers and users through the MLALADS Project Management & Fund Flow Management process. The process ensures smooth fund allocation, utilization, and monitoring for government projects under the MLA recommended scheme.

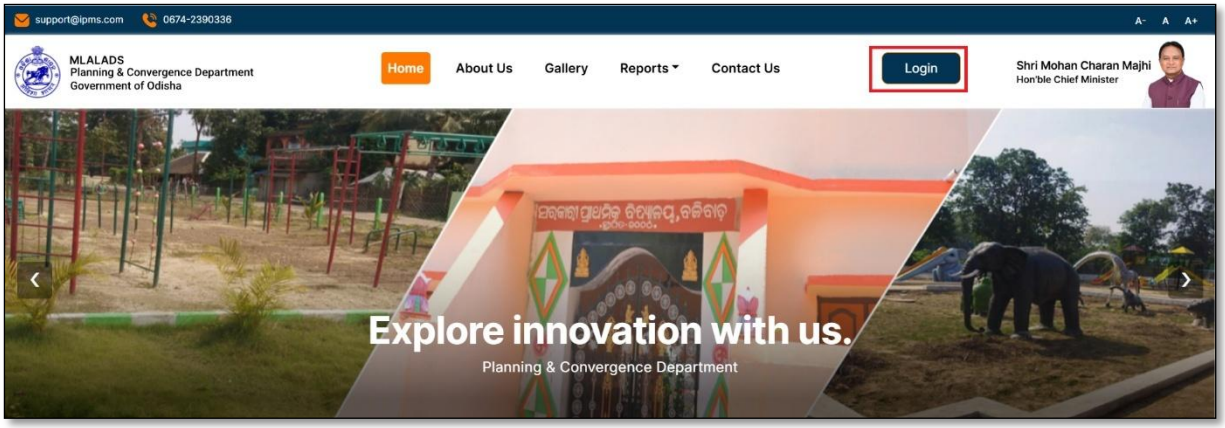

2. Process Overview:

The MLALADS Fund Flow Management process is divided into two primary segments:

1. **Project Management** – This focuses on the implementation, monitoring, and completion of the project.
2. **Fund Flow Management** – This involves the approval, fund allocation, and transfer process for projects.

3. Navigating to Login Page

- Open a web browser and enter the URL: https://mlalads.odisha.gov.in/.
- Once the homepage loads, locate the **"Login"** button which is placed on the menu bar.
- Click on the **"Login"** button.
- The system will redirect you to the **"Log In"** page, where user can enter credentials to access the portal.

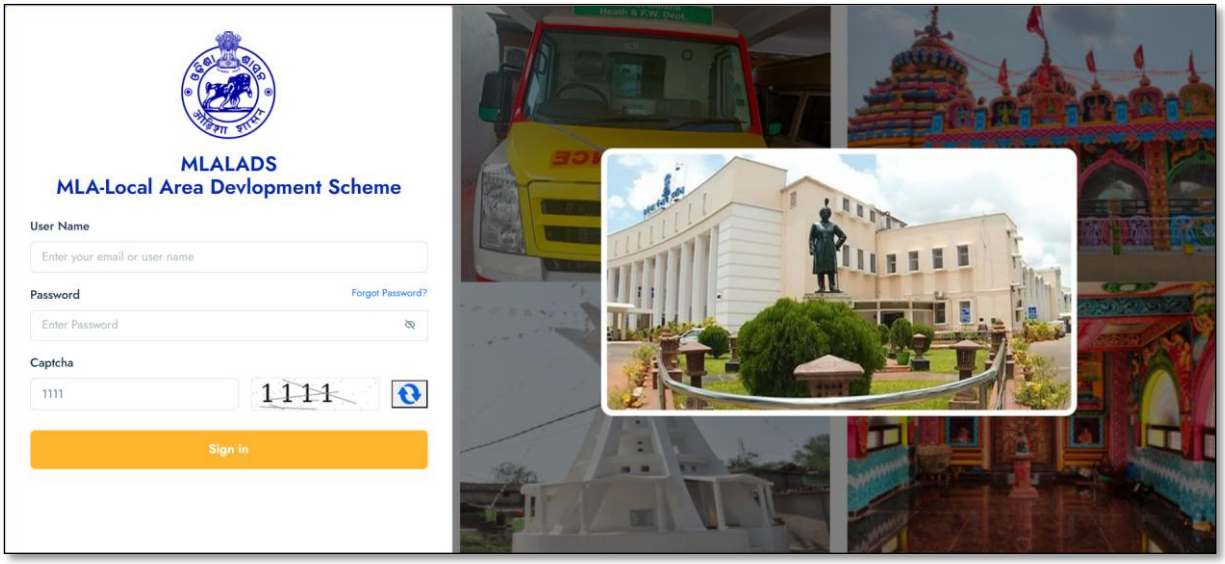

3.1 Logging into the MLALADS Portal

After navigating to the **Sign-In** page, follow these steps to access the portal:

- **Enter Login Credentials**

- In the **"User Name"** field, type your registered username.
- In the **"Password"** field, enter your password.

- **Enter Captcha Code**
  - Locate the **Captcha** field below the password field.
  - Carefully type the characters shown in the captcha image.
- **Reset Password (If forgotten)** *(Optional)*
  - If you have forgotten your password, click on the **"Forgot Password"** link.
  - Follow the on-screen instructions to reset your password.
  - After resetting, return to the **Sign-In** page and enter your new password.
- **Click on the "Sign In" Button**
  - Once you have entered your **Username, Password,** and **Captcha**, click the **"Sign In"** button.
- **Access the Dashboard**
  - After clicking **"Sign In"**, the system will **validate** your credentials.
  - If the details are correct, you will be **redirected to the Dashboard page** of the portal.

- If the credentials are incorrect, an **error message** will be displayed, prompting you to enter valid details.

3.2 Resetting Password

If a user forgets their password, they can reset it by following these steps:

- **Navigate to the Sign-In Page**
  - Open a web browser and visit https://mlalads.odisha.gov.in/.

- Click on the **"Login"** button to go to the **Sign-In** page.

- **Click on "Forgot Password?"**
  - On the **Sign-In** page, locate the **"Forgot Password?"** link.
  - Click on **"Forgot Password?"** to proceed.
- **Enter Registered Mobile Number**
  - A password reset page will open.
  - Enter your **registered mobile number** in the provided field.
- **Request OTP (One-Time Password)**
  - Click on the **"Send OTP"** button.
  - An **OTP** will be sent to your registered mobile number.
- **Enter and Verify OTP**
  - Check your mobile phone for the OTP.
  - Enter the received OTP in the required field.
  - Click on **"Verify OTP"** to proceed.
  - If you did not receive the OTP, click on **"Resend OTP"** to request a new one.
- **Set a New Password**
  - After OTP verification, you will be prompted to create a **New Password**.
  - Enter a strong password in the **"New Password"** field.
  - Re-enter the same password to confirm it.
- **Save the New Password**
  - Click on the **"Set New Password"** button to update your password.
  - A confirmation message will be displayed upon successful password reset.

MLALADS Project Execution & Fund Flow Process – Detailed Workflow

4. Project Recommendation by Hon'ble MLA

- The process is initiated with a **project proposal by the concerned Hon'ble MLA**.
- Hon'ble MLA submits the proposal to the **Collector-cum-CEO** for administrative processing.

5. Scrutiny & Forwarding by Collector-cum-CEO

- The **Collector-cum-CEO reviews the proposal** for initial completeness and relevance.
- Post preliminary scrutiny, it is **forwarded to the CDO-cum-EO, ZP** for Admissibility Testing.

6. Admissibility Test by CDO-cum-EO, ZP

- **CDO-cum-EO, ZP** conducts an **Admissibility Test** to ensure the proposal's feasibility and alignment with government norms.
- If found admissible, the project moves forward; otherwise, it is **rejected.**

7. Feasibility & Estimation by Executing Agency (EA)

- The EA undertakes a **technical feasibility study** and prepares a **detailed cost estimation**.
- If the **project cost ≤ ₹10 Lakhs**, **Administrative Approval (A/A) along with Technical Sanction (T/S)** are issued by the EA itself.

8. Project Sanction by Collector-cum-CEO

- Upon receiving the AA from EA, the **Collector-cum-CEO sanctions the project**.
- The sanctioned project is then forwarded to **CDO-cum-EO, ZP** for fund release.
- If the **project cost > than ₹10 Lakhs**, **Administrative Approval (AA)** is issued by the Collector-cum-CEO itself.

9. Fund Release & Technical Sanction by CDO-cum-EO, ZP

- CDO-cum-EO, ZP **releases the funds to EA** based on the sanctioned project.
- If the **project cost > than ₹10 Lakhs**, **Technical Sanction (T/S)** is issued by the CDO-cum-EO, ZP.

10. Case Record Creation by EA

- EA creates a **Case Record** in MLALADS containing:
  - Assignment of **Executing Agency Representative (EAR)**
  - Uploading of **Work Orders** and **Vendor Details**
  - Approval of Images (Before, During, and After Work) submitted via **MLALADS Mobile App by EAR**

11. Expenditure Addition by EA (Maker)

- After "During Work" images are approved, **EA adds all incurred expenditures**, including payable amounts to vendors.
- EA submits expenditure details to **Accounts Officer (Checker)** for verification.

12. Expenditure Verification by Accounts Officer (Checker)

- Accounts Officer reviews submitted data through **Fund Management Module**:
  - If valid, marks as **Verified**
  - If incorrect, marks as **Rejected** and sends it back to EA for resubmit.

13. Vendor Payment via IFMS

- Upon verification, **EA initiates fund transfer from PL Account to Vendors** using the **IFMS** through **Fund Management Module**.

14. Utilization Certificate (UC) Generation

- After successful payment, **UCs are auto-generated** in MLALADS to confirm appropriate fund utilization.

15. Payment Processing & Tracking

- Payment requests are logged in **MLALADS** and processed through **IFMS**.
- **Real-time tracking** of transaction status and digital logs are maintained.

16. Refund Processing (If Any)

- Any **excess or unutilized funds** identified during closure are processed for **refund through MLALADS**.

17. Project Completion

- On completing the physical work and financial transactions, the **project is marked complete**.
- Final **documentation, reports, and closure certificates** are submitted in the system.
